ifinance

Installation Guide

Monthly payment calculator widget

Technical details

Calculation
Loan payments are calculated using fixed, standard parameters

Interest Rate
Fixed at 9.99% with a 6% admin fee

Loan Limits
60 months: $500 - $40,000
72 months: $3,000 - $40,000
84 months: $10,000 - $40,000

Responsive Design
Automatically switches between desktop and mobile views at 768px breakpoint

Dependencies
Uses Google Fonts (Quicksand and Inter)

⊙ Important

Set iframe width to at least 768px to ensure desktop view is diplayed.

Instructions

To embed the iFinance Monthly Payment Calculator widget on your website, please follow these steps.

1. **Copy the following code:**

```
<style>
    /* Desktop styles */
    .calculator {
      height: 500px; /* Default height
for larger screens */
    }

    /* Small screens (e.g., 600px or
less) */
    @media (max-width: 600px) {
      .calculator {
        height: 1000px;
      }
    }
</style>
<iframe
          src="https://apply.
ifinancecanada.com/calculator/
loancalculator.html?sp=REPLACE THIS TEXT
WITH YOUR UNIQUE ID&lang=en"
          width="900px"
          class="calculator"
          style="border: none; max-
width: 100%">
    </iframe>
```

2. **Paste the code into the HTML of your webpage where you want the calculator to appear.**
